1. Gap analysis purpose

Compare the current evidence and working process with the evidence quality required for a defensible management decision.

2. Gap matrix

ID	Current state	Desired state	Closure evidence	Owner	Priority	Status
G-01	Revenue/service data exist but are not customer-linked	Customer/order-level service + retention view	Joinable SLA, support and cancellation evidence	Analytics + Customer Success	High	Open
G-02	South service deterioration is visible but event detail is absent	Validated operational failure point	SLA breach/delivery event detail	Operations	High	Open
G-03	Commercial dimensions can be segmented	Absolute-impact explanation for declining pockets	Product/segment/channel context	Sales + Product	Medium	Open
G-04	KPI targets are not supplied	Approved targets and review thresholds	Business approval	Business Owner	Medium	Open
G-05	Recommendations can be produced	Approved action ownership and governance	Decision log / owner confirmation	Business Owner	Medium	Open

3. Closure sequence

- Close customer-level retention evidence gap.
- Diagnose South SLA/delivery failure point.
- Quantify absolute-impact commercial pockets.
- Approve KPI targets and governance.
- Implement selected action and monitor outcome.

4. Gap closure acceptance

- Source is identified.

- Owner is confirmed.
